grade shall be the average of the student's grades from major tests, district assessments, major projects/activities. [No less than 5 grades will be taken during the nine-week period and teachers will drop the lowest grade in its category.]

b.! Thirty-five percent shall be the average from daily assignments, homework, notebooks, or other activities determined by the teacher not to be included in the 50 percent category; and [no less than 15 grades will be taken during the nine-week period].

c.! Fifteen percent shall be the nine-week test and cannot be dropped.

Note: Teachers must confirm that the lowest major grade is dropped in txGradebook.

- ! ! Benchmarks will not be used as grade.
- ! ! STAAR state assessment scores may NOT be used as a grade.
- ! ! If a grading cycle is less than nine weeks, then the required number of grades will be 4 major and 13 d(nd)23( )-)TjET

The District shall apply the same rules for class rank calculation and local graduation honors to all students in a graduating class, regardless of the school year in which a student entered grade 9 or the graduation program under which the student completes requirements for graduation.

The following provisions shall apply to students who entered grade 9 before the 2017–18 school year.

Calculation — The District shall include in the calculation of class rank grades earned in all high school credit courses regardless of when the credit was earned in the following subjects: English, mathematics, science, social studies, languages other than English, any Advanced Placement (AP) course not associated with these subjects, and approved dual credit courses.

Exclusions — The calculation of class rank shall exclude grades earned in or by a local credit course; a course for which a pass/fail grade is assigned; and credit by examination, with or without prior instruction.
In addition, the calculation of class rank shall exclude grades earned through distance learning and in dual credit courses taken through a college with which the District does not have a partnership agreement.

Weighted Grade System *Categories* — The District shall categorize and weight eligible courses as AP courses, Pre-AP and Dual Credit courses, and Regular courses in accordance with provisions of this policy.

AP Courses — Eligible AP courses designated in the course catalog shall be categorized and weighted as AP courses.

Pre-AP and Dual Credit — Eligible Pre-AP and dual credit courses designated in the course catalog shall be categorized and weighted as Pre-AP and Dual Credit courses.

Regular Courses — All other eligible courses shall be designated as Regular courses.

Weighted Numerical Grade Average — In accordance with the following scale, the District shall assign weights to grades earned in eligible courses and shall calculate a weighted numerical grade average per semester if the grade earned is 70 or above:

AP Courses	Plus 20
Pre-AP and Dual Credit Courses	Plus 10
Regular Courses	Plus zero

ACADEMIC ACHIEVEMENT
CLASS RANKING EIC (LOCAL)

The District shall record unweighted numerical grades on student transcripts.

Early Graduates — A student who completes all coursework for graduation in fewer than four years shall have his or her class rank calculated using the weighted grade system of the graduating class, and the student shall be ranked with the class in the school year in which he or she graduates.

Transferred Grades — When a student transfers grades for properly documented and eligible courses, the District shall assign weight to those grades based on the categories and grade weight system used by the District if similar or equivalent courses are offered to the same class of students in the District.

AP Courses	Plus 20
AP Foreign Language and AP Fine Arts Courses	Plus 10

Exclusions	The calculation of class rank shall exclude grades earned in or by a local credit course; a course for which a pass/fail grade is assigned; and credit by examination, with or without prior instruction. In addition, the calculation of class rank shall exclude grades earned through distance learning and in dual credit courses taken through a college with which the District does not have a partnership agreement.

admission under state law. [See EIC(LEGAL)]

Valedictorian and Salutatorian

The valedictorian and salutatorian shall be the eligible students with the highest and second-highest rank, respectively. To be eligible for such recognition, a student must:

1. Have been continuously enrolled in the same high school in the District for the two academic school years immediately preceding graduation;

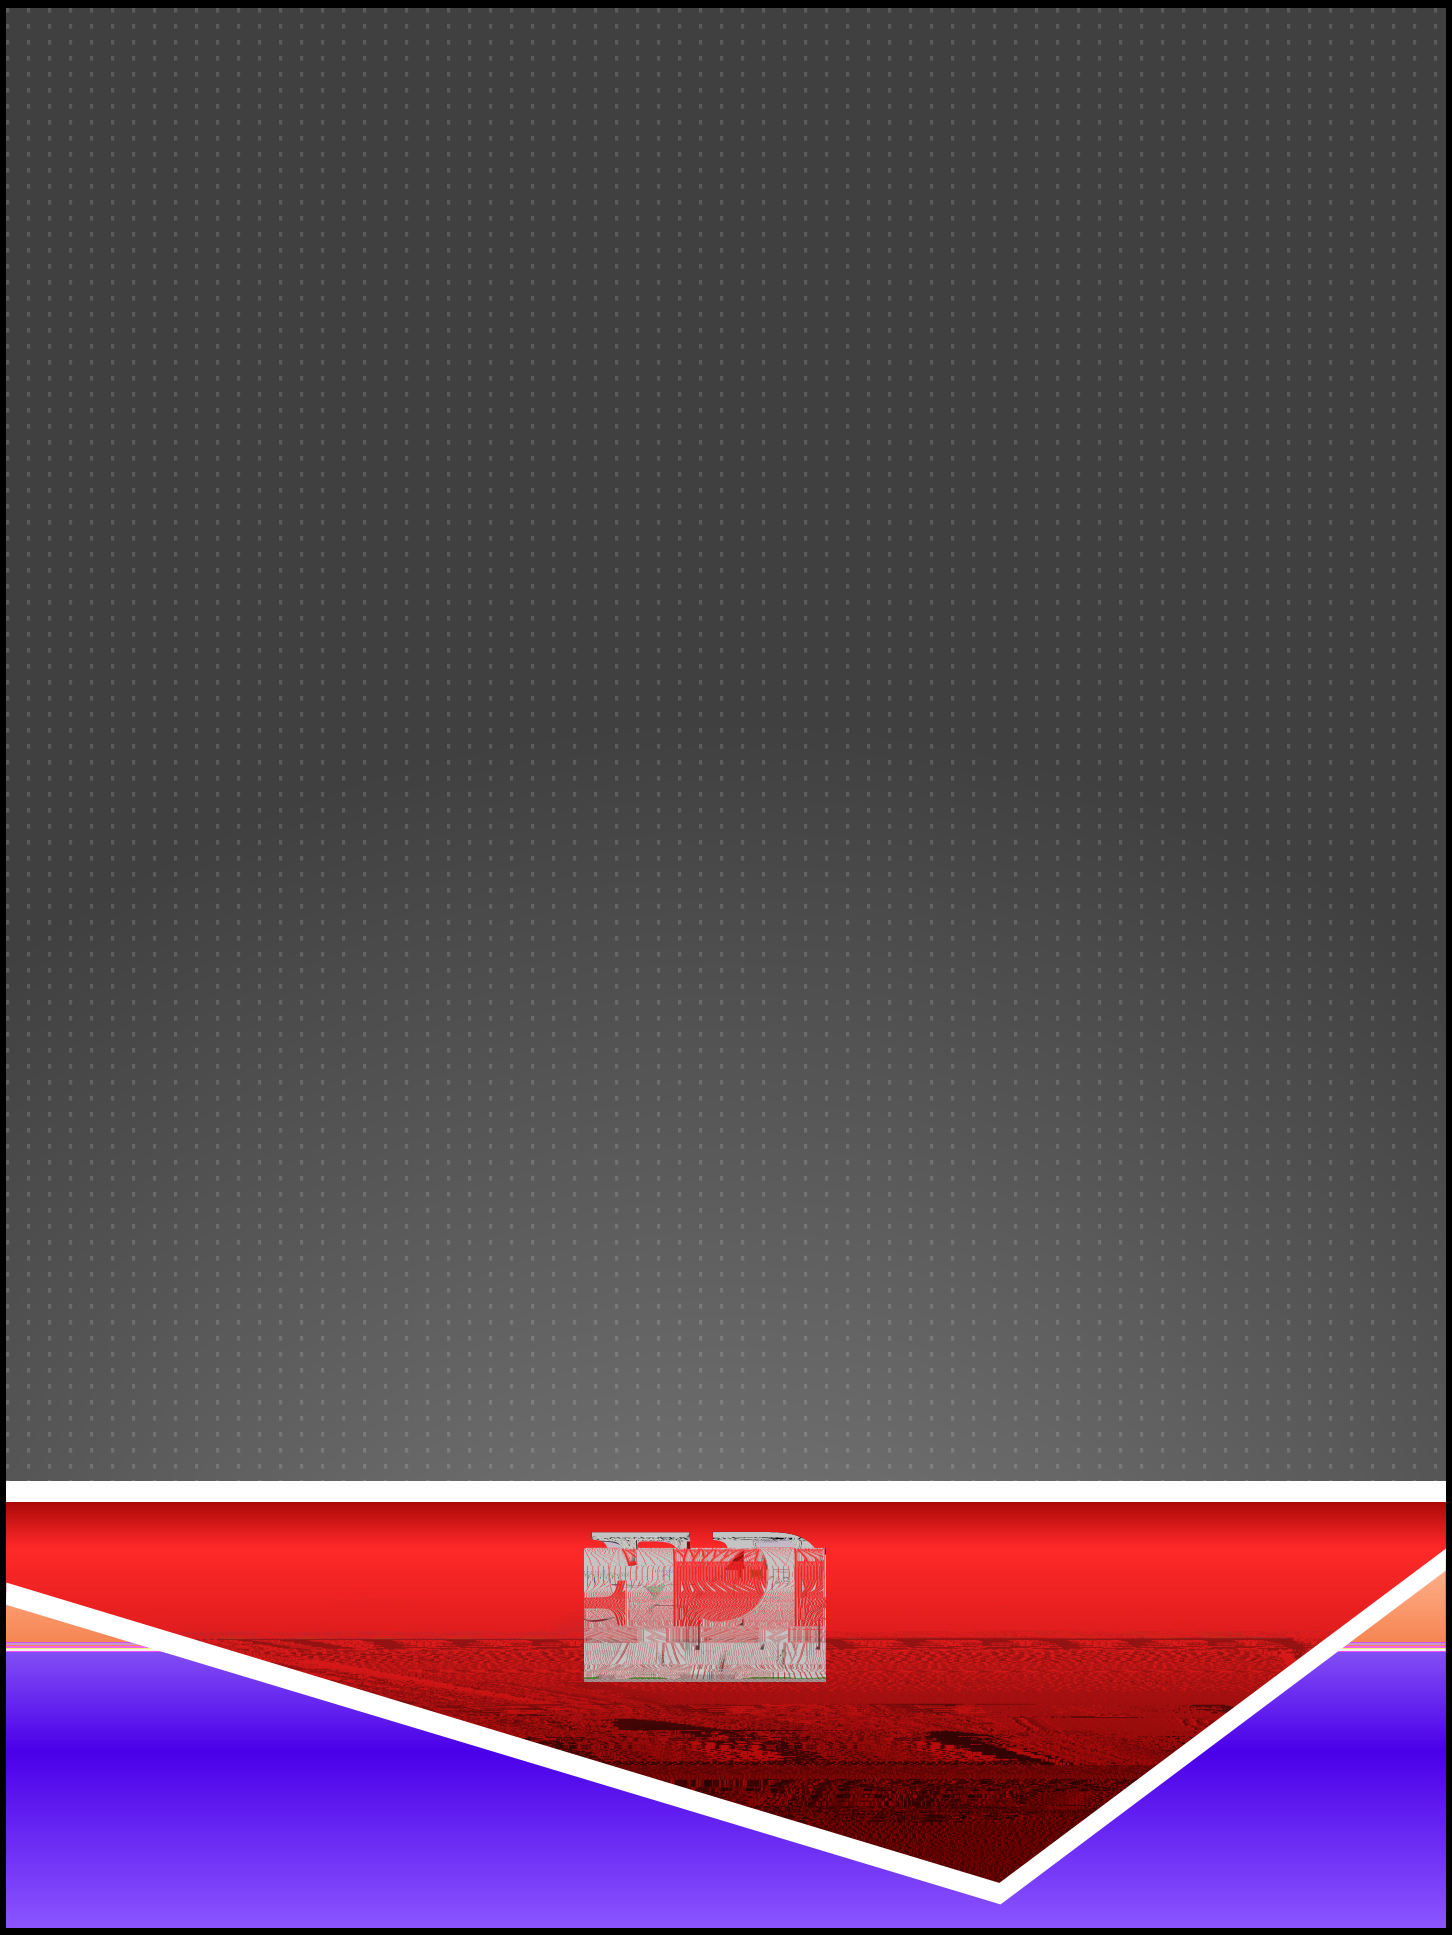
2. Have completed the distinguished level of achievement under the foundation program for graduation; and

3. Be graduating after exactly four years of enrollment in high school.

Breaking Ties

In case of a tie in weighted numerical grade averages, the District shall compute the weighted numerical grade average to a sufficient number of decimal places until the tie is broken to determine recognition as valedictorian or salutatorian.

If the tie is still not broken, the District shall recognize all students involved in the tie as sharing the honor and title.

Honor Graduates


The District shall recognize with white cords each student in tion e
